

ANSI Type-Examination Certificate

Certificate number: 35698/25325-02/EF45-20

This ANSI Type-Examination Certificate covers the following product group(s) supported by testing to the relevant standards/technical specifications and examination of the technical file documentation:

Following the ANSI Type-Examination this product group has been shown to satisfy the applicable essential health and safety requirements of the American National Standards Institute Connecting Components For Personal Fall Arrest Systems ANSI/ASSE Z359.12-2009.

This standard establishes requirements for the performance, design, marking, qualification, test methods and removal from service of connectors.

Product reference:

Description:

| Model | Part No. | Gate | kN |
|----------------|----------------|------|-------|
| OVAL CARABINER | DNK1015 | DL | 25 kN |
| CARABINER AS | DNK1065 | DL | 30 kN |
| CARABINER AS | DNK1075 | DL | 45 kN |
| CARABINER AS | DNK1077 | TL | 45 kN |

Classification:

ANSI/ASSE Z359.12-2009

Standards/Technical specifications applied
Connecting Components For Personal Fall Arrest Systems
ANSI Z359.12-2009

Technical reports/Approval documents:
SATRA: SCP125689/1760/20 Issue 2
